

third-party/include
/glm/detail/intrinsic
_common.hpp

```
graph TD; A["third-party/include  
/glm/detail/intrinsic  
_common.hpp"] --> B["setup.hpp"]; B --> C["cassert"];
```

The diagram illustrates a sequence of file inclusions. It starts with a grey box containing the path 'third-party/include /glm/detail/intrinsic _common.hpp'. A blue arrow points down to a white box with 'setup.hpp'. Another blue arrow points down from 'setup.hpp' to a white box with 'cassert'.

setup.hpp
